

Leeds Castle Concert Safety Measures

Behind the scenes we have been working hard to ensure we bring you another spectacular outdoor music event but above all a safe one.

Leeds Castle has secured the **We're Good To Go** COVID-19 consumer mark and industry standard created by Visit Britain.

The mark recognises organisations who have met Government and industry COVID-19 guidelines and provides a 'ring of confidence' for businesses, attractions and destinations, as well as reassurance to local residents and visitors that clear processes are in place.

We are closely following the updates to the **government guidelines** and anticipate that our arrangements will no doubt need to adapt to a changing climate as time progresses.

All ticket purchasers will receive an updated version of these arrangements via email prior to the concert, which we will encourage them to share with members of their party. If you are not the person who booked your ticket you may wish to revisit this page for updates.

As with the situation in 2020, should Covid-19 restrictions force the cancellation of the concert ahead of the performance then your ticket/s will be rolled over to the 2022 event. If you cannot attend the new date do get in touch with us for a refund.
